MAJOR ROADWORK

INTERSTATE 95

I-95 IN BALTIMORE CITY

@TheMDTA #i95bmore

Changing traffic patterns through Fall 2015.
EXPECT MAJOR DELAYS or
Use I-695 or I-895 if traveling thru Baltimore City.

Southbound I-95

- On or about, **Sat. Aug 22**: Southbound I-95 traffic lanes will shift with all four lanes to the left of the work area between the Hanover St. on-ramp and Exit 53 (I-395). The on-ramp from Hanover St. to southbound I-95 remains closed 24/7 until late September. The detour route directs motorists from Hanover St. to East McComas St., to a u-turn onto West McComas St., to southbound I-95.

- On or about **Fri. Sept. 4**: Southbound I-95 traffic lanes will shift with all four lanes to the left of the work area between the Washington Blvd. on-ramp and Exit 50 (Caton Avenue). The on-ramp from Washington Blvd. to southbound I-95 remains closed 24/7. Traffic from southbound Washington Blvd. detours to Caton Ave., to southbound I-95. Traffic from northbound Washington Blvd. detours to Bush St., to Russell St., to southbound I-95.

Northbound I-95

- As of **Wed. Aug 19**, all lanes on I-95 northbound are open. Motorists no longer have to use the Caton Ave. exit to access Exit 52 (Russell St.).

NOTE: All dates and times are approximate and dependent on weather or other work related variables.

Stay Alert So No One Gets Hurt!

- Seek alternate routes during peak travel periods (6-9 a.m.; 3-7 p.m.; Mon. - Fri.).
- Work-zone speed limits on northbound and southbound I-95 are reduced to **50 mph**.
