This project is located at the Chesapeake Bay Bridge (both Westbound and Eastbound) in Anne Arundel and Queen Anne's Counties.

The project includes furnishing and installation of access control fencing (both security and chain link types) at the following locations:

1. Anchor Piers 31 and 34 of the Westbound Bridge,
2. Base of Piers 23 and 28 of the Eastbound Bridge, and
3. East shore approach and end span of both the bridges.

Work also includes replacement of barbed wire on top of existing chain link fence at base of Piers 32 & 33 of the Westbound Bridge and Piers 25 & 26 of the Eastbound Bridge.

SP 1-2 SPECIFICATIONS

All work on this project shall conform to the Maryland Department of Transportation, State Highway Administration's Specifications entitled, "Standard Specifications for Construction and Materials" dated July 2008, revisions thereof, or additions thereto, and the Special Provisions included in this Invitation for Bids.

SP 1-3 ORIGINAL FACILITY PLANS AND SITE VISITS

The original facility plans are on file at the Engineering/Finance Building of the Francis Scott Key Bridge and will be made available for inspection to prospective bidders. Parties interested in viewing the plans should contact Mr. Abey Tamrat at (410) 537-7822. Parties interested in visiting the site should contact Mr. Ken Cimino, Administrator for the Bay Bridge at (410) 295-8157.

SP 1-4 - PROMPT PAYMENT TO SUBCONTRACTORS

The prime Contractor is responsible for making timely payments to all Subcontractors and Suppliers as required in the 1988 edition of the State Finance and Procurement Article of the Annotated Code of Maryland, Section 17-106.

This contract requires the Contractor to make payment to all Subcontractors within 10 days of receiving payment from the Authority.

Each month, the Project Engineer will review the current pay items with the Prime Contractor and all involved Subcontractors to ensure that all work satisfactorily completed within specifications is included in the monthly progress payment. For payment purposes, the same quantity totals used to compute the payment to the prime Contractor will be the basis for payment to the Subcontractor.
