

PROJECT DESCRIPTION

The work to be performed under this contract is located at the William Preston Lane Jr. Memorial Bridges on US 50 westbound and eastbound over the Chesapeake Bay in Anne Arundel and Queen Anne's Counties.

The scope of work includes the installation of protective shielding for the suspension cables of the Bay Bridge (both Eastbound and Westbound bridges). Work also involves installation of security fencing at the 4 Anchor Piers on the West Bound Bridge. It is anticipated that the work will be performed under temporary single-lane closures requiring Maintenance of Traffic.

This project is expected to have a Minority Business Enterprise (MBE) Goal in the range of 6% to 12%. All prime Contractors must achieve all MBE goals through Maryland certified MBE subcontractors, regardless of the MBE status of the prime Contractor. MBE firms must be certified by the Maryland Department of Transportation (city or county certification is not acceptable). A list of certified MBE firms may be obtained by calling Ms. Meshelle Boyd at 410-537-1055. It is also available at the Authority's website at www.mdt.state.md.us. The Contract time is expected to be three hundred sixty five (365) calendar days. The project has a classification of F – (\$5,000,001 to \$10,000,000). The Liquidated Damages is expected to be \$400.00 per Calendar Day.
