Pre-bid Meeting

Contract No. MA 2352-000-002
On-call Structural Repairs and Miscellaneous Modifications

Anne Arundel, Baltimore, Cecil, Charles, Harford, Howard, and Queen Anne's Counties, and
Baltimore City

July 7, 2009, 9:00 AM

The following people were in attendance:

Alisha Wright	MdTA Procurement
Linda McGill	MdTA Procurement
Ben Mondell	MdTA Procurement
Meshelle Howard	MdTA Procurement/MBE
Abey Tamrat	MdTA Engineering
Brad Fallon	MdTA Engineering
Daljit Makar	Allied Contractors Inc.
Mike Miller	Structural Preservation Systems, LLC
John Kraus	The Whiting-Turner Contracting Co.

After a round of introduction, Mrs. Alisha Wright opened the meeting with the following announcement:

This is the Pre-bid meeting for MA-2352-000-002, On-Call Structural Repairs and Miscellaneous Modifications.

This project is located at the following Maryland Transportation Authority facilities:

- John F. Kennedy Memorial Highway – **I-95** Harford, Cecil, & Baltimore Counties
- Thomas J. Hatem Bridge – **US 40** Harford and Cecil Counties
- Fort McHenry Tunnel Thruway – **I-95 & I-395** Baltimore City, Baltimore & Anne Arundel Counties
- Baltimore Harbor Tunnel – **I-895** Baltimore City, Baltimore & Anne Arundel Counties
- Francis Scott Key Bridge – **I-695** Baltimore City, Baltimore & Anne Arundel Counties
- William Preston Lane Memorial Bridge – **US 50** Anne Arundel & Queen Anne's counties
- Governor Harry W. Nice Memorial Bridge – Charles County
- The Authority's Point Breeze – Baltimore City

The scope of work includes providing labor, equipment, materials, etc. necessary in performing miscellaneous structural and other types of repairs, upgrades, replacements, and new construction as directed by the Engineer. This work may be required on any portion (bridge, tunnel, highway, building, and all appurtenances) of any of the Authority's facilities. The work may include but is not limited to the following:

- a) Repair and replacement of piers, pier caps, pedestals, abutments, and barriers
- b) Jacking bridge steel beams under traffic and restoring bearings on piers and abutments
- c) Repair or replace beams, girders, and other structural members
- d) Repair or replace damaged bridge fender systems and/or dolphins
- e) Repair cracks in structural steel and/or welds of bridge beams/girders
- f) Repair or replace concrete slope protections at bridge piers and abutments
- g) Repair or replace damaged toll booths, canopies, and concrete toll islands
- h) Maintenance of traffic that is required for structural repairs or inspections
- i) Miscellaneous repairs, enhancements and modifications, which may be security related or potentially emergency related
- j) Construction, repair, or replacement of retaining and noise walls
- k) Construction, repair, or replacement of concrete bridge deck repairs
- l) Repair piers in water and install pile protective devices
- m) Placement or riprap, group filled bag, and other methods of scour protection
- n) Providing access for in-depth inspections of facility components, including, but not limited to suspension cables, suspender ropes, truss members, other superstructure and substructure elements.
- o) Repair and replacement of suspension cables, cable wrappings, suspender ropes, and other cable components
- p) Cleaning and painting of various components
- q) Installation, repair, and maintenance of various electronic systems such as acoustic monitoring devices
- r) Construction, repair, or upgrade to various highway components including roadway, signs, sign structures, lights, light poles, guardrails, impact attenuators, travel plazas, parking lots, etc.

Portions of this work may have to be performed on an emergency basis rather than as a routine project. If an emergency situation arises, the Contractor hereby agrees to give the emergency situation first priority until the emergency is resolved, even though this may be at the expense of other tasks for which the Contractor is responsible.

The Engineer will provide a list and priority of projects to the contractor on a monthly basis. Within two (2) weeks of receiving the assignment, the Contractor shall supply the following information:

- a) The estimated time to receive all materials;
- b) The estimated number of work days to complete the project; and
- c) If requested by the engineer, a lump sum cost proposal or a cost proposal based on a list of items supplied by the Engineer, which will include all labor, materials, equipment, and Subcontractors required to complete the project. If an agreement on prices for these projects cannot be reached, the work will be performed by time and materials.

The Contractor shall furnish to the Engineer the names, addresses, phone numbers, pager numbers, etc. of at least two individuals who can be contacted by the Engineer and who are

authorized to provide construction services in the event of an emergency as determined by the Engineer. One of these individuals shall be available at all times to be contacted within a maximum time period of two (2) hours.

The Contractor shall be onsite if requested within four (4) hours of initial notification, particularly for such an emergency. Failure to comply with this requirement will result in a penalty of \$50.00/min. from initial notification.

The Authority reserves the right to terminate the Contract for any reason, including its own convenience, by giving prior written notice to the Contractor. Work shall be performed as directed by the Engineer and may not be on a continual basis.

The contract time is **1440 calendar days with no liquidated damages.**

1. The bid due date is currently schedule for July 23, 2009. However, via Addendum No. 1, the bid due date has been extended to **Wednesday, July 29, 2009 by 12 Noon.** Bid packages must be placed in the bid box located on the first floor of the Engineer Building at the Francis Schott Key Bridge, 300 Authority Drive, Baltimore, MD 21222 and must consist of one complete bid book and all the required documents. Late bids will not be accepted.
2. The Authority does not encourage overnight delivery service. However, if you choose to send your package overnight, the bid should be delivered at least a day in advance to the **Maryland Transportation Authority; Office of Procurement & Statutory Program Compliance; 300 Authority Drive; 1st Floor; Baltimore, MD 21222.** It will be the responsibility of the Contractor to make sure that his/her bid package is placed in the bid box. The outside of the mailed package must clearly identify the Contract Number and mention that it is a bid package.
3. The minutes from this meeting will be included in addendum #1 and distributed to all purchasers of the bid documents.
4. Please make sure you fill out the Schedule of Prices accurately and completely. Not doing so may render your bid as non-responsive.
5. It is strongly recommended that contractors review page i, The Notice to Bidders and pages iii-v, Important Information Regarding MBE Utilization and Bidding Requirements of the invitation to bids prior to submitting your bid on this project.
6. Following this meeting, all questions should be in writing, addressed to the Project Manager Mr. Abey Tamrat and sent via fax to 410-537-7801. The Authority will accept written questions until **4pm on July 14, 2009.** Answers to questions will be distributed to all purchasers of bid documents.

7. There is an MBE goal for this project. Meshelle Howard will speak on the goals. **(The Overall goal is 27% with no sub goals.** If you require assistance with the MBE directory please contact Ms. Meshelle Howard at 410-537-7832)

Ms. Howard provided hand-outs with information regarding the MBE goals for this Contract and additional information on the MBE program. She informed the attendees to direct any questions regarding MBE goals on this Contract to MDOT.

The meeting was then opened to questions and comments concerning the Contract. The following questions were discussed and responses were provided:

Question: Contractors have had problems in the past with outdated entries in the MBE directory. How often does MDOT update the online database of qualified MBE contractors?

Answer: The database is live and the information is constantly updated. In general, the database is updated monthly. Contractors should contact the MBE Office for any assistance in this matter.

Question: If an MBE-certified structural steel contractor hires a non-MBE certified contractor, may the prime contractor count this towards their MBE goal? In other words, how are third-tier contractors considered in regards to MBE goal attainment?

Answer: This would be considered third-tier contracting. Third-tier contracting can be used to satisfy MBE requirements; however it should be considered the exception and not the rule. In addition to applicable requirements in the Proposal Book, the following conditions must be met:

- 1) The bidder must request approval in writing of each third-tier contract arrangement; and
- 2) The request must contain specifics as to why a third-tier contracting arrangement should be approved.
- 3) These documents must be submitted with the bid in part 2 of the MBE Participation Schedule. If the third-tier results from a MBE subcontracting to a Non-MBE third-tier contractor, this participation shall not be counted as MBE participation towards goal attainment.

Question: In the Contract, there is a \$3.1 million allowance. Does 27% of this allowance have to be allocated for MBE contracts?

Answer: Yes. Make sure 27% of the full value of the Contract has been allocated to MBE-certified firms.

Question: If the allowance is \$0, does it still have to meet the MBE requirement?

Answer: Yes. Make sure 27% of the full value of the Contract has been allocated to MBE-certified firms.

Question: While deck repairs are performed on a particular bridge, is there a possibility that other Contract repair items will be performed simultaneously on the same bridge utilizing the same Maintenance of Traffic set-ups? How would the Maintenance of Traffic set-ups (i.e. lane closures) get paid in those cases?

Answer: Yes. MdTA may ask the contractor to perform several tasks at the same time on the same bridge. In those cases, contractor may have to utilize the same lane closure set-ups for multiple tasks. Payment for lane closures for multiple tasks will be made at the Contract unit days for applicable lane closure items as specified in Subsection 104.01.04 (Page 052) regardless of the number of assigned tasks.

Question: The allowance is stipulated at \$3.1 million in the Contract. If the contractor is asked to perform other tasks, would there be a mark-up for the sake of profitability?

Answer: The allowance payment details are specified on page 65 of the Contract. The Contractor will be allowed 10% of the actual cost of materials, tax, and applicable transportation charges for materials and supplies for incorporated work. The Contractor will be allowed 5% of the actual cost of materials, tax, and applicable transportation charges for materials and supplies not incorporated in the work.

Question: In the Contract, there is an item for an established quantity of protection vehicles. Is each protection vehicle used independently?

Answer: Each protection vehicle is paid for separately by the Authority. Therefore, each protection vehicle is considered independent.

Question: Is there any difference between MA 2352-000-002 (this bid) and MA 2340-000-002 contract that was bid a week ago?

Answer: Contractors should treat these two contracts as stand alones and independent from one another.

Question: A similar contract (MA 2161-000-002) was advertised. What happened to this Contract?

Answer: MA 2161 was awarded to The Marksman Company in September, 2008.

As there were no further questions, the meeting was the adjourned.

Approved

Maryland
Transportation
Authority

SPECIAL PROVISIONS

Contract No. MA 2352-000-002

Page 1 of 15

SP 1-1 PROJECT DESCRIPTION

CONTRACT NO.: MA 2352-000-002

TITLE: On-Call Structural Repairs and Miscellaneous Modifications

FACILITY: Baltimore Harbor Tunnel Thruway, Fort McHenry Tunnel, Thomas J. Hatem Memorial Bridge, Francis Scott Key Bridge, John F. Kennedy Memorial Highway, William Preston Lane Jr. Memorial Bridge, Intercounty Connector, and Governor Harry W. Nice Memorial Bridge

COUNTY: Anne Arundel, Baltimore, Cecil, Charles, Harford, Howard, Montgomery, Prince George's, Queen Anne's Counties and Baltimore City

ADVERTISED: **June 23, 2009**

PRE-BID MEETING: **July 7, 2009 at 9:00 a.m.** in the Conference Room at the Maryland Transportation Authority, 303 Authority Drive, FSK Administration Building, Baltimore, MD 21222.

PROJECT CONTACT: Project Manager: Mr. Abey Tamrat at (410) 537-7822
Contract Administration: Ms. Maggie Johnson at (410) 537-7807

BIDS DUE: **12 Noon, July 29, 2009**, in the Bid Box on the 1st floor of the Maryland Transportation Authority, Engineering Building, 300 Authority Drive, Baltimore, MD 21222.

CLASSIFICATION: Class - G (\$10,000,001 to \$15,000,000)

CONTRACT TIME: One Thousand Four Hundred Forty (1440) Calendar Days

LIQUIDATED DAMAGES: N/A

MINIMUM MBE GOALS: Overall 27%
No Subgoals

BID DOCUMENTS: **\$25.00** Bid documents can be purchased between 7:30 a.m. and 3:30 p.m., Mondays, Wednesdays, Thursdays and Fridays and between 10:00 a.m. and 4:00 p.m. on Tuesdays at the Ticket Office located at the Francis Scott Key Bridge, Maryland Transportation Authority, Administration Building, 303 Authority Drive, Baltimore, MD 21222.

Addendum No. 1

July 17, 2009

007

The work to be performed under this contract is located in the following Maryland Transportation Authority ("Authority") facilities:

- a) John F. Kennedy Memorial Highway (I-95 in Harford, Cecil and Baltimore Counties);
- b) Thomas J. Hatem Memorial Bridge (U.S. 40 in Harford and Cecil Counties);
- c) Fort McHenry Tunnel (I-95 and I-395 in Baltimore City);
- d) Baltimore Harbor Tunnel Thruway (I-895 in Baltimore City and Baltimore, Anne Arundel and Howard Counties);
- e) Francis Scott Key Bridge Facility (I-695 in Baltimore City and Baltimore and Anne Arundel County);
- f) William Preston Lane Jr. Memorial Bridge (Anne Arundel and Queen Anne Counties);
- g) Intercounty Connector (Montgomery County & Prince George's County);
- h) Governor Harry W. Nice Memorial Bridge (Charles County); and
- i) The Authority's Point Breeze Property.

The scope of work includes providing labor, equipment, materials, etc. necessary in performing miscellaneous structural and other types of repairs, upgrades, replacements, and new construction as directed by the Engineer. This work may be required on any portion (bridge, tunnel, highway, building, and all appurtenances) of any of the Authorities facilities. The work may include but is not limited to the following:

- a) Repair and replacement of piers, pier caps, pedestals, abutments, and barriers
- b) Jacking bridge steel beams under traffic and restoring bearings on piers and abutments
- c) Repair or replace beams, girders, and other structural members
- d) Repair or replace damaged bridge fender systems and/or dolphins
- e) Repair cracks in structural steel and/or welds of bridge beams/girders
- f) Repair or replace concrete slope protections at bridge piers and abutments.
- g) Repair or replace damaged toll booths, canopies, and concrete toll islands.
- h) Maintenance of traffic that is required for structural repairs or inspections.
- i) Miscellaneous repairs, enhancements and modifications, which may be security related or potentially emergency related.
- j) Construction, repair, or replacement of retaining and noise walls.
- k) Construction, repair, or replacement of concrete bridge deck repairs.
- l) Repair piers in water and install pile protective devices.
- m) Placement of riprap, grout filled bag, and other methods of scour protection.
- n) Providing access for in-depth inspections of facility components, including, but not limited to suspension cables, suspender ropes, truss members, other superstructure and substructure elements, etc.
- o) Repair and replacement of suspension cables, cable wrappings, suspender ropes, and other cable components
- p) Cleaning and painting of various components
- q) Installation, repair, and maintenance of various electronic systems such as acoustic monitoring devices

**MINORITY
BUSINESS
ENTERPRISE
PROGRAM
HIGHLIGHTS**

Maryland Transportation Authority

Minority Business Enterprise Program Highlights

For purposes of MBE contract goal attainment and MBE Contract Compliance, the following information highlights the Maryland Department of Transportation (MDOT) Program Requirements:

1. Any participating MBE must be certified by MDOT to perform the item(s) of work /service selected for contract goal attainment.
2. Any participating MBE must serve a commercially useful function and may not act like a broker, unless it is certified as a broker (insurance or real estate). A firm is considered to perform a commercially useful function when it is responsible for execution of a distinct element of the work of a contract and carries out its responsibilities by actually performing, managing and supervising the work involved and /or negotiates the cost of, arranges and accepts delivery of and pays for the materials or supplies required for the work of its contract. If, at any time before execution of the contract, the contractor determines that the designated MBE subcontractor has or will become unavailable, it immediately shall notify the Administration.
3. Any change in the approved MBE Plan must be approved in advance by the Administration and shall indicate the contractor's efforts to substitute another certified MBE subcontractor to perform the work.

4. Contract Goal Credits for Materials and Supplies.

- a. A bidder may count toward its MBE goal expenditures for materials and supplies obtained from certified business suppliers, provided that the certified businesses assume the actual and contractual responsibility for the provision of the materials and supplies. The bidder may count its entire expenditure to a certified business supplier that manufactures or produces goods from raw material or that substantially alters goods before resale. The bidder may count 60 percent of the expenditures to certified suppliers who are not manufacturers towards its MBE goals. The MBE credited supplies may not exceed 60 percent of the credit given toward meeting the contract goal.
- b. Double Payee (Joint) checks to MBEs and suppliers for materials used by an MBE sub-contractor for its contracted work are allowable providing such a payment arrangement is offered to all subcontractor relationships and not restricted to just MBEs, and the MBE participates in scheduling the delivery of the materials and is fully responsible for ensuring that the materials meet specifications. However, when the contractor makes such payments, it is recommended that the payments be made by jointly endorsable checks signed by the contractor and MBE.
- c. For MBE firms that are not MBE regular dealers or manufacturers, a contractor may only count toward its MBE goal the fees charged for delivery of materials and supplies required on the job site (but not the cost of the materials and supplies themselves) when the trucking enterprise or delivery

service is not also the manufacturer of or regular dealer in the materials and supplies, provided that the fee is determined by the administration to be reasonable and not excessive as compared with fees customarily allowed for similar services.

5. **Third Tier Subcontracting.** Third Tier Contracting is not the usual way for a prime contractor to achieve a MBE goal. However, there may be rare occasions when third tier contracting would be acceptable. Two conditions must be met before approval of a third tier contracting arrangement, which may be entered into to meet a MBE goal:
 - a. The Authority must be satisfied that there is no way except by third tier contracting that a MBE goal can be achieved;
 - b. The prime contractor must request of the Authority, in writing, prior to the awarding of a contract, that approval be granted for each third tier contract arrangement. The request must contain the specifics as to why a third tier contracting arrangement is being requested to meet the MBE goal.

6. **Waivers:**

The Administration will strictly adhere to the requirement for documentation of any waiver requests as provided in COMAR. Accordingly, if, for any reason, a contractor is unable to achieve the contract goal or sub-goal MBE participation, it may request, in writing, an exception (waiver) to the goal with justification to include the following:

- a. A detailed statement of the efforts made to select portions of the work proposed to be performed by certified MBE (s);

- b. A detailed statement of the efforts made to contract and negotiate with certified MBEs including:
- (i) The names, addresses, dates and telephone numbers of MBEs contacted; and
 - (ii) A description of the information provided to MBEs regarding the plans, specifications and anticipated time schedule for portions of the work to be performed;
 - (iii) As to each certified MBE that placed a subcontract quotation or offer that your company considers not to be acceptable, a detailed statement of the reasons for this conclusion; and
 - (iv) A list of certified MBEs found to be unavailable. This list should be accompanied by a MBE Unavailability Certification (Form D-EEO-005) signed by the MBE, or a detailed statement from the contractor concerning the MBE's refusal to give the certification.

A waiver of a contract goal may be granted only upon a reasonable demonstration by the bidder or offeror that certified MBE participation was unable to be obtained or was unable to be obtained at a reasonable price and if the Administration determines that a waiver serves the public interest.

7. MBE Contract Compliance MonitoringMBE contract compliance monitoring commences upon official award of the contract and continues throughout the life of the contract. An assigned contract compliance officer will advise the contractor and all approved participating MBE subcontractors, in writing, of compliance requirements, monitoring activities and will request necessary records to establish

MBE contractor compliance. If a contractor or any participating MBE subcontractor is found to be in non-compliance with the terms of MDOT's MBE Program or with the State's MBE Law, and fails or refuses to take the corrective action required, administrative sanctions may be imposed in order to promote the purpose of MDOT's MBE Program. These may be, suspension of work, withholding payment, referral of the matter to the Office of the Attorney General for action, or any other action that is authorized under the contract or by State or federal laws.

8. Fraud Provisions

Bidders are advised that Section 14-308 of the MBE Law provides that a person may be prosecuted for a felony for the following acts:

- a. Fraudulently obtaining, holding or attempting to obtain or hold MBE certification;
- b. Aiding another person in fraudulently obtaining, holding or attempting to obtain or hold MBE certification;
- c. Willfully obstructing, impeding, or attempting to obstruct or impede a State official or employee or employee investigating the qualifications of a business entity that has requested certification;
- d. Fraudulently obtaining, attempting to obtain, or aiding another person in fraudulently obtaining or attempting to obtain, public monies to which the person is not entitled; or
- e. In any minority business enterprise matter administered under subtitle 14:
 - (i) Willfully falsify, conceal, or cover up a material fact by any scheme or device;

- (ii) Make a false or fraudulent statement or representation; or
- (iii) Use a false writing or document that the person knows to contain a false statement or entry

Persons found guilty of violating these provisions are guilty of a felony and on conviction are subject to a fine not exceeding \$ 20,000 or imprisonment not exceeding five years, or both. Persons convicted under Section 14-308 may also be debarred from performing on State contracts by the Board of Public Works ("Board") for a period of time determined to be appropriate by the Board under the circumstances.

9. MBE Contract Support

Personnel of the Maryland Department of Transportation, its Administrations and the Authority offer contractor practicable support for MBE contract goal attainment. This assistance is available from Monday through Friday during normal business hours by calling 410-865-1269. Examples of MDOT Program assistance include:

To Majority Contractors

- Identifying subcontract items for goal attainment
- Answering questions related to MBE Program requirements

To Minority Contractors

- Answering questions related to MBE Program requirements
- Providing information on required contract records
- Referral to designated consultants for assistance for business related problems

MDOT MBE FORM A
STATE-FUNDED CONTRACTS (BIDS ONLY)
CERTIFIED MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT
PAGE 1 OF 2

THIS AFFIDAVIT MUST BE INCLUDED WITH THE BID. IF THE BIDDER FAILS TO ACCURATELY COMPLETE AND
SUBMIT THIS AFFIDAVIT AS REQUIRED, THE BID SHALL BE DEEMED NOT RESPONSIVE.

In connection with the bid submitted in response to Solicitation No. _____, I affirm the following:

1. MBE Participation (PLEASE CHECK ONLY ONE)

I have met the overall certified Minority Business Enterprise (MBE) participation goal of _____ percent (_____ %) and the subgoal of _____ percent (_____ %) for Women-Owned MBE firms and the subgoal of _____ percent (_____ %) for African-American Owned MBE firms. I agree that the MBE firms listed in the MBE Participation Schedule - Part 2 of the MDOT MBE Form B (State-Funded Contracts – Bids Only) will be used to accomplish the MBE participation goal and subgoals (if any) for this Contract for at least the dollar amounts set forth therein.

OR

I conclude that I am unable to achieve the MBE participation goal and/or subgoals. I hereby request a waiver of the overall goal and/or subgoals. Within 10 business days of receiving notice that our firm is the apparent awardee or as requested by the Procurement Officer, I will submit a written waiver request and all required documentation in accordance with COMAR 21.11.03.11. I agree that the MBE firms listed in the MBE Participation Schedule - Part 2 of the MDOT MBE Form B (State-Funded Contracts – Bids Only) will be used to accomplish the MBE participation goal and subgoals (if any) for this Contract for at least the dollar amounts set forth therein.

2. Additional MBE Documentation

I understand that if I am notified that I am the apparent awardee or as requested by the Procurement Officer, I must submit the following documentation within 10 business days of receiving such notice:

- (a) Outreach Efforts Compliance Statement (MDOT MBE Form C - State-Funded Contracts – Bids Only);
- (b) Subcontractor Project Participation Statement (MDOT MBE Form D - State-Funded Contracts – Bids Only);
- (c) MBE Waiver Request documentation per COMAR 21.11.03.11 (if waiver was requested); and
- (d) Any other documentation required by the Procurement Officer to ascertain bidder's responsibility in connection with the certified MBE participation goal and subgoals, if any.

I acknowledge that if I fail to return each completed document (in 2 (a) through (d)) within the required time, the Procurement Officer may determine that I am not responsible and therefore not eligible for contract award.

PLEASE READ BEFORE COMPLETING THIS FORM

1. Please refer to the Maryland Department of Transportation (MDOT) MBE Directory at www.mdot.state.md.us to determine if a firm is certified for the appropriate North American Industry Classification System ("NAICS") Code and the product/services description (specific product that a firm is certified to provide or specific areas of work that a firm is certified to perform). For more general information about NAICS, please visit www.naics.com. Only those specific products and/or services for which a firm is certified in the MDOT Directory can be used for purposes of achieving the MBE participation goals.
2. In order to be counted for purposes of achieving the MBE participation goals, the firm must be certified for that specific NAICS ("MBE" for State-funded projects designation after NAICS Code). **WARNING:** If the firm's NAICS Code is in graduated status, such services/products will not be counted for purposes of achieving the MBE participation goals. Graduated status is clearly identified in the MDOT Directory (such graduated codes are designated with the letter "G" after the appropriate NAICS Code).
3. Examining the NAICS Code is the first step in determining whether an MBE firm is certified and eligible to receive MBE participation credit for the specific products/services to be supplied or performed under the contract. The second step is to determine whether a firm's Products/Services Description in the MBE Directory includes the products to be supplied and/or services to be performed that are used to achieve the MBE participation goals.
4. If you have any questions as to whether a firm is certified to perform the specific services or provide specific products, please call MDOT's Office of Minority Business Enterprise at 1-800-544-6056 or via email at mbe@mdot.state.md.us.
5. The Contractor's subcontractors are considered second-tier subcontractors. Third-tier contracting used to meet an MBE goal is to be considered the exception and not the rule. The following two conditions must be met before MDOT, its Modal Administrations and the Maryland Transportation Authority, may approve a third-tier contracting agreement: (a) the bidder must request in writing approval of each third-tier contract arrangement, and (b) the request must contain specifics as to why a third-tier contracting arrangement should be approved. These documents must be submitted with the bid in Part 2 of this MBE Participation Schedule.
6. For each MBE firm that is being used as supplier/wholesaler/regular dealer/broker/manufacturer, please follow these instructions for calculating the dollar amount of the subcontract for purposes of achieving the MBE participation goals:
 - A. Is the firm certified as a broker of the products/supplies? If the answer is YES, please continue to Item C. If the answer is NO, please continue to Item B.
 - B. Is the firm certified as a supplier, wholesaler, regular dealer, or manufacturer of such products/supplies? If the answer is YES, continue to Item D. If the answer is NO, continue to Item C only if the MBE firm is certified to perform trucking/hauling services under NAICS Codes 484110, 484121, 484122, 484210, 484220 and 484230. If the answer is NO and the firm is not certified under these NAICS Codes, then no MBE participation credit will be given for the supply of these products.
 - C. For purposes of achieving the MBE participation goal, you may count only the amount of any reasonable fee that the MBE firm will receive for the provision of such products/supplies - not the total subcontract amount or the value (or a percentage thereof) of such products and/or supplies. In Column 5 of the MBE Participation Schedule, please state the amount of any reasonable fee that the MBE firm will receive for the provision of such products/services in Section 5.3.
 - D. Is the firm certified as a manufacturer (refer to the firm's NAICS Code and specific description of products/services) of the products/supplies to be provided? If the answer is NO, please continue to Item E. If the answer is YES, for purposes of achieving the MBE participation goal, you may count the total amount of the subcontract. In Column 5 of the MBE Participation Schedule, please state the total amount of the subcontract in Section 5.1.

PAGE 2 OF 2

- E. Is the firm certified as a supplier, wholesaler and/or regular dealer? If the answer is YES (i) if the MBE firm is furnishing and installing the materials and is certified to perform these services, please include in Section 5.1 the total value of the subcontract amount (including full value of supplies); or (ii) if the firm is only being used as a supplier, wholesaler and/or regular dealer or is not certified to install the supplies/materials, for purposes of achieving the MBE participation goal, you may only count sixty percent (60%) of the value of the subcontract for these supplies/products (60% Rule). In Column 5, Section 5.2 of the MBE Participation Schedule, please state amount of the subcontract for these supplies/products only (not installation) and sixty percent (60%) of such value.
7. Cumulative credit given for the use of all MBE suppliers/wholesalers/regular dealers/brokers/manufacture in the MBE Participation Schedule cannot exceed sixty percent (60%) of the entire MBE participation goal. For example, if your bid is \$100,000 and you have indicated that you will achieve \$25,000 in MBE Participation, the cumulative participation by MBE firms that are suppliers, manufacturers, wholesalers, brokers and regular dealers cannot exceed \$15,000 (or 60% of \$25,000).
8. **WARNING:** The percentage of MBE participation, computed using the dollar amounts in Column 5 for all of the MBE firms listed in Part 2, **MUST** at least equal the MBE participation goal and subgoals (if applicable) as set forth in MDOT MBE Form A – State-Funded Contracts (Bids Only) for this solicitation. If a bidder is unable to achieve the MBE participation goal and/or any subgoals (if applicable), then the bidder must request a waiver in Form A or the bid will be deemed not responsive. You may wish to use the Worksheet shown below to assist you in calculating the percentages and confirming that you have met the applicable MBE participation goal and subgoals (if any).

FORM INSTRUCTIONS

PLEASE READ BEFORE COMPLETING THIS FORM

1. Please refer to the Maryland Department of Transportation (MDOT) MBE Directory at www.mdot.state.md.us to determine if a firm is certified for the appropriate North American Industry Classification System ("NAICS") Code and the product/services description (specific product that a firm is certified to provide or specific areas of work that a firm is certified to perform). For more general information about NAICS, please visit www.naics.com. Only those specific products and/or services for which a firm is certified in the MDOT Directory can be used for purposes of achieving the MBE participation goals.
2. In order to be counted for purposes of achieving the MBE participation goals, the firm must be certified for that specific NAICS ("MBE" for State-funded projects designation after NAICS Code). **WARNING:** If the firm's NAICS Code is in graduated status, such services/products will not be counted for purposes of achieving the MBE participation goals. Graduated status is clearly identified in the MDOT Directory (such graduated codes are designated with the letter "G" after the appropriate NAICS Code).
3. Examining the NAICS Code is the first step in determining whether an MBE firm is certified and eligible to receive MBE participation credit for the specific products/services to be supplied or performed under the contract. The second step is to determine whether a firm's Products/Services Description in the MBE Directory includes the products to be supplied and/or services to be performed that are used to achieve the MBE participation goals.
4. If you have any questions as to whether a firm is certified to perform the specific services or provide specific products, please call MDOT's Office of Minority Business Enterprise at 1-800-544-6056 or via email at mbe@mdot.state.md.us.
5. The Contractor's subcontractors are considered second-tier subcontractors. Third-tier contracting used to meet an MBE goal is to be considered the exception and not the rule. The following two conditions must be met before MDOT, its Modal Administrations and the Maryland Transportation Authority, may approve a third-tier contracting agreement: (a) the bidder must request in writing approval of each third-tier contract arrangement, and (b) the request must contain specifics as to why a third-tier contracting arrangement should be approved. These documents must be submitted with the bid in Part 2 of this MBE Participation Schedule.
6. For each MBE firm that is being used as supplier/wholesaler/regular dealer/broker/manufacturer, please follow these instructions for calculating the dollar amount of the subcontract for purposes of achieving the MBE participation goals:
 - A. Is the firm certified as a broker of the products/supplies? If the answer is YES, please continue to Item C. If the answer is NO, please continue to Item B.
 - B. Is the firm certified as a supplier, wholesaler, regular dealer, or manufacturer of such products/supplies? If the answer is YES, continue to Item D. If the answer is NO, continue to Item C only if the MBE firm is certified to perform trucking/hauling services under NAICS Codes 484110, 484121, 484122, 484210, 484220 and 484230. If the answer is NO and the firm is not certified under these NAICS Codes, then no MBE participation credit will be given for the supply of these products.
 - C. For purposes of achieving the MBE participation goal, you may count only the amount of any reasonable fee that the MBE firm will receive for the provision of such products/supplies - not the total subcontract amount or the value (or a percentage thereof) of such products and/or supplies. In Column 4 of the MBE Participation Schedule, please state the amount of any reasonable fee that the MBE firm will receive for the provision of such products/services in Line 4.1.
 - D. Is the firm certified as a manufacturer (refer to the firm's NAICS Code and specific description of products/services) of the products/supplies to be provided? If the answer is NO, please continue to Item E. If the answer is YES, for purposes of achieving the MBE participation goal, you may count the total amount of the subcontract. In Column 4 of the MBE Participation Schedule, please state the total amount of the subcontract in Line 4.1.

**GOOD FAITH
EFFORTS WAIVER
CHECKLIST**

PRIME CONTRACTORS' **GOOD FAITH EFFORTS/WAIVER CHECKLIST**

Prime Contractors who put Good Faith into action will:

- ✓ Use direct solicitation, minority/women community organizations, contractors' groups, and local, state, and federal minority/women-owned business assistance offices to reach MBE's;
- ✓ Identify and assist firms that may need bonding, lines of credits, insurance, equipment, and other related issues; or assist firms that are not certified but could possibly serve on a contract and satisfy DBE/MBE goals by becoming certified;
- ✓ Identify clear sub-contractible work that will enable MBE's to compete;
- ✓ Provide the MBEs with proper information regarding the job; to include plans, specifications, and anticipated time schedule for portions of the work to be performed;
- ✓ Coordinate pre-bid meetings to inform MBEs of contracting and subcontracting opportunities;
- ✓ Advertise in general circulation, trade associations, and minority focused media concerning the subcontracting opportunities;
- ✓ Provide written notice to all certified MBEs who are certified in the work areas and have capabilities of the contract for which their participation is solicited (Contractor must allow a minimum of 10 days for the MBEs to respond to the written solicitation.); and
- ✓ Follow up on initial solicitations of interest by contacting MBEs to determine if the MBEs are interested (Contractor must detail the efforts showing names, addresses, dates, and telephone numbers of the certified MBEs contacted along with a description of information provided.)

Prime Contractors who have done the above and are submitting a waiver will:

- ✓ Document everything listed above;
- ✓ As required by regulations provide a written request for a waiver;
- ✓ Provide detailed statements of efforts to achieve the goal; to include the name, address and telephone number of all DBE/MBEs contacted, as well as the date of contact;
- ✓ Provide a list of unavailable MBEs, including a Minority Contractor Unavailability Certification Form (Form D-005) signed by an owner or officer of each unavailable DBE/MBE (If the DBE/MBE refused to sign D-005, the contractor will should submit a statement regarding this refusal.);
- ✓ If the contractor deems a DBE/MBE to be unqualified and rejects the DBE/MBE, the contractor will provide written explanation of this decision (Contractor's reasoning must be based on a thorough investigation of MBE capabilities.);
- ✓ Provide evidence that the contractor tried to negotiate in good faith with interested MBEs;
- ✓ Demonstrate that certified MBE participation was unable to be obtained at a reasonable price or that public interest is best served by a waiver;
- ✓ Demonstrate a reasonable effort to meet the overall MBE goal with other MBE classifications if the request for a waiver is for a certain MBE classification within an overall MBE goal; and
- ✓ Provide evidence from prior projects showing that the contractor has previously successfully met or exceeded assigned MBE goals.

**MINORITY/
DISADVANTAGED
BUSINESS
ENTERPRISES
Good Faith Efforts
Policy Statement**

MARYLAND DEPARTMENT OF TRANSPORTATION
POLICY STATEMENT – GOOD FAITH EFFORTS
April 22, 2004

MINORITY/DISADVANTAGED BUSINESS ENTERPRISES

It is the policy of the Maryland Department of Transportation (MDOT) that businesses owned by socially and economically disadvantaged person(s) shall have the maximum feasible opportunity to participate in the performance of contracts awarded by MDOT. The MDOT requires its contractors and subcontractors not to discriminate on the basis of race, color, religion, national origin, sex or disability in the award or performance of contracts. In support of this commitment, the MDOT has adopted the following Good Faith Efforts (GFE) Policy, which shall be applicable to all contracts awarded by the MDOT or its modal administrations.

In accordance with 49 CFR, Part 26, 53 and Md. Code Ann., State Fin. & Proc. Art., 14-302, the MDOT shall award a contract only to a bidder/offeror that makes GFE to meet the Minority Business Enterprise (MBE) or Disadvantaged Business Enterprise (DBE) contract goal. A determination that a bidder/offeror has made GFE shall only be made upon a determination by the MDOT that the bidder/offeror has shown that it:

- Has obtained enough MBE or DBE participation to meet the contract goal; or
- Has taken all necessary and reasonable steps to achieve the goal, which by their scope, intensity and appropriateness to the objective, could reasonably be expected to obtain sufficient MBE/DBE participation, even if they were ultimately unsuccessful.

The MDOT will make a fair and reasonable judgment whether a bidder/offeror who did not meet the goal made adequate GFEs. This policy expands the definition of GFE to allow greater flexibility to ensure DBE/MBE participation is obtained.

At a minimum, a statement of GFE submitted by the bidder/offeror shall include:

1. The name, address, and telephone number of all DBE/MBEs contacted, as well as the date of contact;
2. A description of the information provided to the contacted DBE/MBEs regarding the plans, specifications and anticipated time schedule for portions of the work to be performed;
3. As appropriate, a detailed statement of the reasons why a DBE/MBE quotation was considered unacceptable; and
4. As appropriate, a list of DBE/MBE contractors found to be unavailable. For DBE/MBE contractors that are unavailable, the bidder/offeror shall provide a Minority Contractor Unavailability Certificate Form (Form D-005) signed by an

owner or officer of the DBE/MBE. If a DBE/MBE refuses to sign the unavailability certificate, the bidder/offeror shall submit a statement indicating as such.

To aid in the determination of whether the bidder/offeror has shown GFE, the MDOT may also look at the percentage of DBE/MBE participation obtained by other bidders/offerors on the procurement.

In addition to the requirements above, the following is a list of outreach efforts that MDOT will consider as part of the bidder/offeror's GFE to obtain DBE/MBE participation. Bidders/offerors shall be encouraged to offer innovative GFE initiatives to demonstrate GFE. MDOT administrations have the flexibility to approve such innovative initiatives. The following list is illustrative only and not intended to be exhaustive.

In a GFE determination, MDOT administrations may consider any information provided by a bidder/offeror concerning the following outreach efforts:

1. The bidder/offeror's efforts to solicit through all reasonable and available means (e.g., attendance at pre-bid meetings, advertising and/or written notices) the interest of certified DBEs/MBEs that may have the capability to perform the work of the contract. The bidder/offeror should present evidence that it solicited this interest within adequate time to allow the DBEs/MBEs to respond to the solicitation. The bidder/offeror should also provide evidence that it took appropriate steps to follow up initial solicitations.
2. The bidder/offeror's selection of the work to be performed by DBEs/MBEs in order to increase the likelihood that the DBE/MBE contract goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE/MBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.
3. The bidder/offeror's actions to provide interested DBEs/MBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.
4. The bidder/offeror's negotiations with DBE/MBEs
 - a. Negotiating in good faith with interested DBEs/MBEs. It is the bidder/offeror's responsibility to make a portion of the work available to DBE/MBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE/MBE subcontractors and suppliers. Evidence of such negotiation shall include the names, addresses, and telephone numbers of DBEs/MBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and information as to why additional agreements could not be reached for DBEs/MBEs to perform the work.

- b. A bidder/offeror using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE/MBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs/MBEs is not in itself sufficient reason for a bidder/offeror's failure to meet the contract DBE/MBE goal, as long as such costs are reasonable. Also, the ability or desire of a bidder/offeror to perform the work of a contract with its own organization does not relieve that bidder/offeror of the responsibility to make GFE to meet the contract goal. This policy does not require a prime contractor to accept a higher quote from a DBE/MBE if the price is excessive or unreasonable.
5. The bidder/offeror must provide sound reasons for rejecting a DBE/MBE as unqualified. Any rejection of a DBE/MBE as unqualified shall be based on a thorough investigation of its capabilities. The DBE/MBE's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example, union vs. non-union employees status) are not legitimate causes for the rejection or non-solicitation of bids in the contractor's efforts to meet the project goal.
6. The bidder/offeror's efforts to assist interested DBEs/MBEs in obtaining bonding, lines of credit, or insurance as required by the owner or contract.
7. The bidder/offeror's efforts, with prior written approval of the MDOT agency, to assist interested DBEs/MBEs to obtain necessary equipment, supplies, materials, or related assistance or services.
8. The bidder/offeror's effective use of the services of available minority/women community organizations; minority/women contractors' groups; local, state and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of DBE/MBE.
9. The bidder/offeror's efforts to identify and assist firms that are not certified but could possibly service on a contract and satisfy DBE/MBE goals if the firm were to be certified by the MDOT.
10. Evidence of the bidder/offeror's record of meeting or exceeding DBE/MBE participation goals on prior projects.

This policy applies to all MDOT contracts that contain a DBE/MBE participation goal. All MDOT personnel are responsible for implementing and adhering to this policy.

**STRUCTURAL
STEEL POLICY
STATEMENT**

MARYLAND DEPARTMENT OF TRANSPORTATION
POLICY STATEMENT – STRUCTURAL STEEL/LARGE SUPPLY ITEMS
(Revised May 13, 2003)

MINORITY/DISADVANTAGED BUSINESS ENTERPRISES

The policy supercedes the Maryland Department of Transportation (MDOT) Structural Steel/Large Supply Items policy dated September 22, 1994.

MDOT and the Maryland Transportation Authority (MdTA) are committed to providing the maximum amount of contracting opportunities to certified Disadvantaged Business Enterprises (DBEs) and Minority Business Enterprises (MBEs). This policy statement affirms MDOT's efforts to maximize DBE/MBE participation on contracts to the greatest extent possible and applies to all contracts that contain a DBE/MBE goal.

The previous policy excluded Structural Steel as a sub-contractible item available for DBE/MBE participation since there were no structural steel manufacturers certified by MDOT. This exemption is no longer applicable since firms have now been certified under this category.

Structural steel as an item of supply may be included as a sub-contractible item for the setting of DBE/MBE goals on contracts.

In addition, structural steel as an item of supply may be used to obtain or count minority business participation credit under the DBE/MBE Program. The installation or erection of structural steel can be included as a sub-contractible item for goal setting, and as an item available for DBE/MBE participation.

The definition to be used for this policy is as follows:

The term structural steel refers to the steel elements of the structural steel frame that are essential to the support of the design loads for buildings and bridges, as well as the steel elements in tunnel linings.

Beyond this policy on structural steel, it is vitally important for each MDOT agency and MdTA to apply the provisions of the DBE/MBE program for furnishings and installing large supply items. This policy emphasizes that it is necessary for the DBE/MBE to have a necessary and useful role in the complete business transaction, and a role that is visible outside of the context of the DBE/MBE Program. The role of the firm cannot be a superfluous step to obtain credit for a DBE/MBE goal.

In order for a prime contractor to receive full credit for a large supply item being furnished by a DBE/MBE subcontractor as a "furnish and install" item of work, the DBE/MBE regulations require that the DBE/MBE firm must:

1. Initiate and negotiate the purchase of the steel and/or any large supply item;
2. Be invoiced directly for the cost; and
3. Assume complete responsibility and liability for the item.

To further assist the MDOT agencies in making determinations in this area, the following guidelines are put forth:

1. Count expenditures with DBE/MBEs for materials or supplies toward the goals as provided in the following:
 - a. If the materials or supplies are obtained from a DBE/MBE manufacturer, count 100 percent of the cost of the materials or supplies toward MBE goals.
 - b. For purposes of this policy, a manufacturer is a firm that operates or maintains a factory or establishment that produces on the premises the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications.
 - c. If the materials or supplies are purchased from a DBE/MBE regular dealer, count 60 percent of the cost of the materials or supplies toward MBE goals.
2. For purposes of this policy and in accordance with 49CFR25.55(e) and the Program Manual, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are brought, kept in stock, and regularly sold or leased to the public in the usual course of business.
3. To be a regular dealer, the first must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question.

A person may be a regular dealer in bulk items such as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business as provided above if the person both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad-hoc or contract-by-contract basis.

The Department's Contract Compliance Monitoring Procedures provide the necessary guidance on determining DBE/MBE credit on large supply items. There

are several compliance questions, which need to be answered prior to a prime contractor receiving full credit for a DBE/MBE furnish and install item. These questions should include:

1. Who was responsible for setting the dollar amount allotted for supplies on the forms detailing the subcontracted work?
2. How was the cost of supplies derived? Who negotiated the price?
3. Who is responsible for taking delivery of the materials?
4. Who issues the check to pay for the materials?
5. Who assumes contractual and legal responsibility for the materials?
6. Are the materials properly accounted for in the financial records of the subcontractor and not in the records of the prime contractor?

It should be made clear at the beginning of a contract that obtaining participation through the counting of large supply items must comply with the Department's regulations. This also extends to the amount of credit given for the supply items on each contract.

The burden rests on each administration to assess each individual contract prior to the approval of the DBE/MBE package and to monitor the contract closely for compliance. We must continually work to make sure this program brings real benefits to the minority business community.

Terms of Use

The Minority Business Enterprise Directory is intended to be used as a guide for selecting certified Minority Business Enterprises to utilize on State and/or USDOT assisted contracts. Information in the directory should be verified with the Maryland Department of Transportation's Office of Minority Business Enterprise.

This web site and the information it contains are provided as a public service by the Maryland Department of Transportation (MDOT). The MDOT maintains this Minority Business Enterprise/Disadvantaged Business Enterprise (MBE/DBE) Directory for the purpose of providing a reference source of the firms certified by the MDOT as MBE/DBEs.

The MBE/DBE Directory lists certified firms in alphabetical order and also contains information on the specific products and/or services the firm is certified to provide. The MDOT makes no claims, promises, or guarantees regarding a certified MBE/DBE's competence or capability to perform. It is the responsibility of the user of the information provided here to make his/her own determination regarding the capability, competence, and/or limitations of a certified MBE/DBE firm.

The MDOT makes no claims, promises, or guarantees about the accuracy, completeness, or adequacy of the contents of this web site and expressly disclaims liability for errors and omissions in the contents of this web site. No warranty of any kind is given with respect to the contents of this web site or any links to other web sites it may contain. Reference in this web site to any specific commercial product, process, or service, or the use of any trade or business name is for the information of the public and does not constitute an endorsement or recommendation by the MDOT.

Information presented on this web site is considered public information and may be copied and/or distributed. If there is a question concerning the validity of the information provided in this directory, contact the Maryland Department of Transportation's Office of Minority Business Enterprise. You may contact the office at (410) 865-1269 or (800) 544-6056.

Using the Directory

Firms are certified per industry using the North American Industry Classification System (NAICS). Each assigned code is accompanied by a certification status designation.

Please be advised of the following definitions:

- The "MBE/DBE" designation indicates the firm is qualified for ANY State of Maryland Contract including USDOT assisted contracts of the MDOT; these include contracts let by the Maryland State Highway Administration, the Maryland Aviation Administration, and the Maryland Transit Administration.
- The "MBE ONLY" designation indicates the firm is qualified for State-only Funded Contracts and not USDOT assisted contracts of the MDOT.
- The "DBE ONLY" designation indicates the firm is qualified to participate only on USDOT assisted contracts of the MDOT.
- The "GRADUATED" designation indicates the firm has graduated in that particular NAICS Code for which it has been certified per Federal and State Regulations. The MBE remains certified but may not participate as a certified MBE/DBE on State and USDOT assisted contracts.

PLEASE NOTE: Effective October 1, 2000, the Small Business Administration established the use of the North American Industry Classification System (NAICS) Codes which replaced the Standard Industrial Classification (SIC) Codes. The Maryland Department of Transportation Office of Minority Business Enterprise has converted the SIC Codes to the NAICS Codes. Please contact the Office of Minority Business Enterprise if you have questions regarding any information on any firm listed in this Directory.

[Click here for information regarding NAICS size standards.](#)

FREQUENTLY ASKED
COMMON TERMS
AS DEFINED IN THE
MDOT
MBE MANUAL

THIRD TIER CONTRACTING -- The process in which a prime contractor subcontracts a portion of an original contract to a subcontractor who in turn subcontracts a portion of a subcontract to a third party. This latter action is termed entering into a third tier contract. See Procedures For Contractor Compliance Process Section.

SUPPLIER -- A regular dealer, who owns, operates, or maintains a store, warehouse, or other establishment in which the materials or supplies required for the performance of a contract are placed, kept in stock, and regularly sold to the public in the usual course of business. The supplier must perform a commercially useful function consistent with normal industry practices. To be a regular dealer, the firm must engage in, as its principal business, and in its own name, the purchase and sale of the products in question. A supplier of bulk goods (cement, gravel, stone, petroleum products) may qualify as a regular dealer if it either maintains an inventory or owns or operates distribution equipment. With respect to the distribution equipment (a fleet of trucks), the term "operates" is intended to cover a situation in which the supplier leases the equipment on a regular basis for its entire business. It is not intended to cover a situation in which the firm simply provides drivers for trucks owned or leased by another party, (such as a prime contractor) or leases such a party's trucks on an ad hoc basis for a specific job.

REGULAR DEALER -- A firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials or supplies required for the performance of the contract are bought, kept in stock, and regularly sold to the public in the usual course of business. To be a regular dealer, the firm must engage in, as its principal business, and in its own name, the purchase and sale of the products in question. A regular dealer in such bulk items as cement, gravel, stone, and petroleum need not keep such products in stock, if it owns or operates distribution equipment. Brokers and packagers shall not be regarded as manufacturers or regular dealers within the meaning of this section.

A Regular Dealer must be engaged in selling the product in question to the public. This is important in distinguishing a Regular Dealer, which has a regular trade with a variety of customers, from a firm which performs supply-like functions on an ad hoc basis or for only one or two contractors with whom it has a special relationship.

A business that simply transfers title of a product from manufacturer to ultimate purchaser (e.g. broker or sales representative who re-invoices a product from the producing company to the recipient or contractor) or a firm that puts a product in a container for delivery would not be considered a Regular Dealer.

A supplier of bulk goods may qualify as a regular dealer if it either maintains an inventory or owns or operates distribution equipment. With respect to the distribution equipment (e.g. a fleet of trucks), the term "operates" is intended to cover a situation in which the supplier leases the equipment on a regular basis for its entire business. It is not intended to cover a situation in which the firm simply provides drivers for trucks owned or leased by another party, (e.g., a prime contractor) or leases such a party's trucks on an ad hoc basis for a specific job.

MANUFACTURER -- A firm that produces a product from raw materials or substantially alters a previously manufactured product by operating or maintaining a factory or establishment that produces or alters on the premises.

MANUFACTURER REPRESENTATIVE -- A business that transfers title of a product from a manufacturer to an ultimate purchaser (e.g., a sales representative who invoices a product from the producing company to the contractors).

BROKER -- An agent of a buyer or a seller who buys or sells stocks, bonds, commodities, or services, usually on a commission basis.

COMMERCIALY USEFUL FUNCTION -- Work performed by a DBE/MBE in a particular transaction can be counted towards goals only if the Administration determines that it involves a commercially useful function. A certified business is considered to perform a commercially useful function when it is responsible for the execution of a distinct element of the work of a contract and carries out its responsibilities by actually performing, managing and supervising the work involved. That is, in light of industry practices and other relevant considerations, the DBE/MBE must have a necessary and useful role in the transaction of a kind for which there is a market outside the context of the DBE/MBE Program. The firm's role cannot be a superfluous step added in an attempt to obtain credit goals.

**ADDITIONAL
INFORMATION FOR
CONTRACTORS**

Maryland Transportation Authority
Minority Business Enterprise Program
ADDITIONAL INFORMATION FOR PRIME

UTILIZATION REPORTS

Monthly reports of payments and invoices to MBEs and non-MBEs should be sent to the MBE office by the 10th of the month. Double payee checks are prohibited except for purchase of supplies and materials.

USE OF MBE BANKS

It is the policy of MDOT to encourage its contractors to utilize certified DBE/MBE banks. The prime shall consider utilizing the services of minority owned banks. Most minority banks are full service corporations that can provide an array of financial services.

RECORDS RETENTION

As per the Special Provisions, records must be retained for a period of three years following completion of the contract work and available for inspection by MDOT and/or the Authority.

SUBSTITUTION OF MBE SUBCONTRACTORS

Any proposed changes to the approved MBE Plan must be submitted in writing to the Authority for approval prior to commencement of the work. Substitution or modification of it can only be accomplished with the approval of the Authority.

ADMINISTRATIVE PROCEDURES FOR ENFORCEMENT

Whenever the Authority believes the prime or any subcontractor may not be operating in compliance with the terms of the program provision, an investigation will be conducted and if it is determined that there is non-compliance, notification will be made of the steps, which will, in the judgment of the Authority, bring the contractor into compliance. If the contractor fails or refuses to take corrective action, a final report of non-compliance will be made and sanctions from suspension of work up to referral to the Attorney General's Office for review may be made.

OPERATION GUARANTEED HELP

This is a free service provided by MDOT for certified minority businesses that may need business assistance. Any of the MBEs on the project can call 1-800-544-6056 to talk to a business consultant.

PROMPT PAYMENT TO SUBCONTRACTORS

It is the policy of the State that a contractor shall promptly pay a subcontractor any undisputed amount that a subcontractor is entitled to under the contract for construction. This payment shall be made within ten (10) days of receiving a progress payment or final payment from the State. Undisputed amounts include the retainage on a contract.

Maryland Transportation Authority
Minority Business Enterprise Program
ADDITIONAL INFORMATION FOR MBE SUBCONTRACTORS

MBE REPORT OF PAYMENTS RECEIVED

By the 15th of each month the MBE should submit this document to the Authority's MBE Office. It should be submitted even if there are no payments for the month.

PROMPT PAYMENT TO SUBCONTRACTORS

It is the policy of the State that a contractor shall promptly pay a subcontractor any undisputed amount that a subcontractor is entitled to under the contract for construction. This payment shall be made within ten (10) days of receiving a progress payment or final payment from the State. Undisputed amounts include the retainage on a contract.

RECORDS RETENTION

Title 21 of the State Procurement Regulations, Subtitle 06 Contract Formation and Award, Chapter 5 Plant Inspection, Audit and Retention of Records, .03 Records Retention contains the following regulation: The contractor or subcontractor shall maintain books and records that relate to the cost or pricing data for 3 years from the date of final payment under the contract, unless a longer period is otherwise specified in the contract.

FRAUD PROVISIONS

Contractors are advised that State Finance and Procurement Article 14-308 covers prohibited acts and penalties for felony and misdemeanor offenses.

STATE OF MARYLAND GOVERNOR'S OFFICE OF MINORITY AFFAIRS (GOMA)

GOMA is the state's principal advocate for minority businesses. They provide assistance to minority business owners who are seeking state certification and state procurement opportunities. They also help minority business owners who believe they have been treated unfairly by a state agency or other entity.

This office provide referrals to agencies and other entities that have programs to assist minority business owners in getting the services they need to start, develop and

grow. For more information regarding GOMA log on to www.mdminoritybusiness.com, or by calling 410-767-8232.

ENTERPRENEUIAL DEVELOPMENT INSTITUTE (EDI)

EDI helps meet the education needs of small and minority businesses in construction and related business fields. The Maryland State Highway Administration's Equal Opportunity Office provides the services of the EDI. Centered at the University of Maryland Eastern Shore (UMES), EDI classes are held on weekends. A nominal fee of \$50.00 is charged for the classes and hotel accommodations. For schedule and registration information, contact the EDI Coordinator at (410) 651-6476.

MSBDFA BONDING AND CONTRACT FINANCING PROGRAM

The Maryland Small Business Development Financing Authority (MSBDFA) offers program through four programs: Contract Financing, Long Term Guaranty Program, Surety Bong Guaranty Program and Equity Participation Investment Program. They provide contract financing and surety bonding assistance to eligible firms to begin, continue and complete work on MDOT contracts. Firms bidding on MDOT contracts needing a bid, performance or payment bond or working capital can contact the office at (410) 333-4270.

PROFESSIONAL ASSISTANCE

An MBE firm certified by MDOT may request referral assistance in any area of business by calling the MBE Information Line, 1-800-544-6056 in the Office of Minority Business Enterprise.

THE STATE OF MARYLAND SMALL BUSINESS RESERVE PROGRAM

The State of Maryland Small Business Reserve Program is committed to the growth and success of small businesses. Since its inception, small businesses have been able to bid on State contracts without competing with larger, more established companies.

Designated state agencies are required to award a minimum of 10 percent of their units' total dollar value of goods, supplies, services, maintenance, construction, construction related, architectural service and engineering service contracts to small businesses. For more information regarding the Small Business Reserve Program log on to www.smallbusinessreserve.maryland.gov , or by calling 410-767-4270.

**PROMPT PAYMENT
TO
SUBCONTRACTORS**

A. MARYLAND DEPARTMENT OF TRANSPORTATION POLICY
STATEMENT
PROMPT PAYMENT OF SUBCONTRACTORS

DISADVANTAGED/MINORITY BUSINESS ENTERPRISES

This policy is in accordance with Maryland State Law, codified at Md. Code Ann., State Finance and Procurement Article, §15-226, and 49 CFR, Part 26, 26.29(b)1-3.

It is the policy of the State that a contractor shall promptly pay a subcontractor any undisputed amount that a subcontractor is entitled to under a State procurement contract for construction. This payment shall be made within ten (10) days of receiving a progress payment or final payment from the State. "Undisputed amount" includes the retainage on a contract.

If a contractor withholds payment, the contractor shall:

1. Notify the subcontractor, in writing within the same ten (10) day time period, stating the reasons for payment being withheld,
2. Provide a copy of the notice to the procurement officer.

If a subcontractor does not receive payment within the required time period, the subcontractor may give written notice of non-payment to the procurement officer. The notice shall include:

1. The name of the contractor, the project under which the dispute exists and the amount in dispute,
2. Provide an itemized description on which the amount is based and
3. If known, provide an explanation for any payment dispute.

Within two (2) business days of receipt of written notice from a subcontractor, a MDOT Agency Representative shall verbally contact the contractor to determine if the amount is undisputed.

If the MDOT Agency Representative determines that all or some of the amount is undisputed, the representative shall instruct the contractor to pay the subcontractor the undisputed amount within three (3) business days. The MDOT Agency Representative shall verbally inform the subcontractor the results of discussions with the contractor. If the payment is not made, the subcontractor may report the non-payment to the procurement officer. As a result, the MDOT Agency Representative shall schedule a meeting of the agency project manager, the subcontractor and the contractor, as follows:

1. The time and location shall be selected by the agency representative,
2. The meeting shall be no later than ten (10) days after receiving notice from the subcontractor,
3. The meeting purpose is to establish the reasons for non-payment,
4. The agency representative shall require the parties to provide information necessary to evaluate the dispute,
5. If the agency representative determines the contractor is delinquent, further progress payments to the contractor may be withheld until the subcontractor is paid.

If the payment to the subcontractor is not made within seven (7) days after the agency representative determines that the contractor is delinquent, the agency representative shall schedule a second meeting on the dispute as follows:

1. The time and location shall be selected by the agency representative,
2. The meeting shall be no later than five (5) days after the close of the seven (7) day period.

After this second meeting, if the agency representative determines the contractor continues to be delinquent in subcontractor payments, he/she:

1. Shall order further payments to the contractor not be processed until payment is made to and verified with the subcontractor,
2. May order work under the contract be suspended based on the contractor's failure to meet contractual obligations under the contract,

3. May require the contractor to pay a penalty to the subcontractor, not to exceed \$ 100 per day, from the date that the payment was required, not to include any period that the agency representative determines that the subcontractor was not diligent in reporting non-payment to the procurement officer. The contractor or subcontractor may appeal the decision after the second meeting, noted above to the procurement officer. The contractor shall comply with the procurement officer's decision.

An act, failure to act or decision of the procurement officer or agency representative may not:

1. Affect the rights of the contracting parties under other provision of law, be used as evidence on the merits of a dispute between the agency and the contractor or the contractor and the subcontractor in any other proceeding or
2. Result in liability against or prejudice the rights of the agencies of the Maryland Department of Transportation.

A decision of a procurement officer or an agency representative designated by the procurement officer under this law is not subject to judicial review or the provision for bid protests and contract claims before the Board of Contract Appeals. This law shall be construed only prospectively and may not be applied or interpreted to have any effect on or application to any State procurement contract awarded before the effective date of this law, October 1, 1999.

GUIDE TO PROMPT PAYMENT FOR NON-CONSTRUCTION SUBCONTRACTORS

August 2008

Prompt payment requirements already exist on State-funded construction contracts. Recently, prompt payment requirements became effective on all State-funded non-construction contracts in excess of \$25,000 by agencies that are members of the Governor's Cabinet.

What does the prompt payment directive mean to subcontractors?

Subcontractors on contracts greater than \$25,000 can expect to receive payment for any undisputed amounts after the prime contractor has received a progress payment. Otherwise, a subcontractor can expect to receive written notice from the contractor as to why payment is being withheld.

What does the prompt payment directive mean to a Minority Business Enterprise (MBE) or Small Business Reserve (SBR) subcontractor?

MBE and SBR subcontractors have the remedies as those described above. In addition, agencies must notify the Governor's Office of Minority Affairs (GOMA) of any complaint of non-payment of subcontractors with MBE or SBR status.

What are the responsibilities of the prime contractor?

The prime contractor has the responsibility to:

- Pay a subcontractor an undisputed amount to which the subcontractor is entitled; OR
- Notify the subcontractor in writing and state the reason why payment is being withheld.
 - If payment is withheld, the prime contractor must provide a copy of the notice to the procurement officer.

What should I do if I am not being paid by the prime contractor?

The subcontractor must notify the procurement officer. GOMA recommends that notice be given in writing. The notice will include:

- The name of the prime contractor from which payment has not been received;
- The project under which the dispute exists;
- The amount in dispute;
- An itemized description on which the amount is based; and
- If known, an explanation for any dispute concerning the payment not received.

Who should I contact at the agency?

Subcontractors who have not received payment of any undisputed amount should contact the agency's chief procurement officer. Contact information for the Cabinet agencies' chief procurement officers can be found at the end of this document.

I've sent my written notice of non-payment to the procurement officer. What happens now?

The procurement officer, or another agency representative, will contact the prime contractor to ascertain whether the amount withheld is an undisputed amount. If it is determined that part or the entire amount withheld is undisputed, the agency representative will instruct the prime contractor to pay the subcontractor the undisputed amount. The agency representative is to communicate to the subcontractor the results of the discussions with the prime contractor.

Are there any penalties to the prime contractor for failure to pay subcontractors undisputed amounts?

Yes. The State agency that issued the contract may, consistent with the contract terms:

- Withhold further payments to the prime contractor until payment to the subcontractor is verified;
- Suspend all or some of the contract work;
- Pay or otherwise cause payment of the undisputed amount to the subcontractor;
- Place a payment for an undisputed amount in an interest-bearing escrow account; or
- Take other or further actions as appropriate to resolve the withheld payment.

What is an “undisputed amount”?

An “undisputed amount” means an amount owed by a contractor to a subcontractor for which there is no good faith dispute. This includes any retainage withheld, and any amount withheld because of issues arising out of an agreement or occurrence unrelated to the agreement under which the amount is withheld.

What agencies are members of the Governor’s Cabinet?

The 23 member agencies of the Governor’s Cabinet and their chief procurement officers are:

**MBE COMPLIANCE
CONTRACTOR
NOTIFICATION**

Maryland Transportation Authority
MBE Office Contract Compliance
Contractor Notification

Prime/General contractors participating on Maryland Transportation Authority (MdTA) contracts must notify the MBE office of any changes to the approved MBE plan that was submitted. This includes all EWAs that increase or decrease the MBE goal approved for the contract. The notification must be in writing and include an updated MBE Plan to be submitted for review and the approval/denial process. The following is the minimum information that must be included:

- A. Increase of the MBE over-all goal and/or sub-goal
 - 1. MdTA Contract name and number
 - 2. Name of Prime/General contractor
 - 3. Reason for increase
 - 4. MBE contractors name, address and contact information
 - 5. Contract work items effected
 - 6. Dollar value of the work items
 - 7. New contract value
 - 8. New MBE over-all goal and sub-goals

- B. Decrease of the MBE over-all goal and/or sub-goal
 - 1. MdTA Contract name and number
 - 2. Name of Prime/General contractor
 - 3. Reason for decrease
 - 4. MBE contractors name, address and contact information
 - 5. Contract work items effected
 - 6. Dollar value of the work items
 - 7. New contract value
 - 8. New MBE over-all goal and sub-goals
 - 9. Good Faith Effort (GFE) packet

Correspondence concerning the above will be sent directly to the Procurement Officer, who will ensure that the MBE Office receives the information for processing.

Two (2) complete copies of certified payrolls are to be delivered to the MdTA Project Inspector at the field office for all contractors employed on the project. One (1) complete copy is to be sent to the Commissioner of Labor & Industry. **No certified payable are to be mailed or delivered to the FSK Bridge.**
