Trent M. Kittleman
Executive Secretary

Our Mission

The Authority will be financial stewards of our dedicated revenue sources to provide vital transportation links that move people and promote commerce in Maryland by:

- Creating and maintaining a transportation network of highways, bridges and tunnels where safety and efficiency are priorities
- Operating and securing our facilities with innovative technologies
- Financing transportation facilities that offer convenient choices to travelers

Our Vision

“Creating EZ passage throughout Maryland.”

Since 1971, the Maryland Transportation Authority has been responsible for constructing, managing, operating and improving the State's toll facilities, as well as for financing new revenue-producing transportation projects. Currently, the Maryland Transportation Authority operates and maintains seven toll facilities.
